**Senior Citizen Service Provision:**

This provision is available to any customer who is 65 years of age or older and head of household. This rate is available only for the **customer's principal residence**.

The following schedule of rates shall apply during the billing months of June through September:

- 7.75 cents per kWh for first 14 kWhs per day of average usage
- 15.40 cents per kWh for next 6 kWhs per day of average usage
- 12.36 cents per kWh over 20 kWhs per day of average usage

The following schedule of rates shall apply during the billing months of October through May:

- 7.75 cents per kWh for first 14 kWhs per day of average usage
- 15.40 cents per kWh for next 6 kWhs per day of average usage
- 10.10 cents per kWh over 20 kWhs per day of average usage

A Senior Citizen customer is eligible for the Space Heating Service Provision and the Water Heating Service Provision as stated above. The Utility reserves the right to verify the customer's eligibility for the Senior Citizen Service Program.

**Customer Charge:**

In City Customers      \$7.50/month      Outside City Customers      \$13.95/month
